

SUPER SOFT CORNSTARCH PLAYDOUGH

This super soft cornstarch playdough with only 2 ingredients!

HOW TO MAKE CORNSTARCH PLAYDOUGH!

This is a fun super soft playdough recipe, check out our no-cook playdough recipe or a more traditional cooked playdough recipe for easy alternatives.

PLAYDOUGH INGREDIENTS:

The ratio for this recipe is 1 part hair conditioner to two parts cornstarch. We used one cup and two cups, but you can adjust the recipe as desired.

- 1 cup of hair conditioner
- 2 cups of cornstarch
- Mixing bowl and spoon
- Food coloring (optional)
- Playdough accessories (If you have them!)

HOW TO MAKE PLAYDOUGH WITH CORNSTARCH

1. Start by adding the hair conditioner to a bowl.

2. If you want to add a few drops of food coloring, now's the time! We made several colors of this 2 ingredient playdough. So quick and easy!

3. Now add the cornstarch to thicken your dough and give it that awesome playdough texture. You can start out mixing the conditioner and cornstarch with a spoon, but eventually, you will have to switch to kneading it with your hands.

4. Time to get the hands in the bowl and knead your playdough. Once the mixture is fully incorporated, you can remove the soft playdough and place on a clean surface to finish kneading into a silky smooth ball!

- ➔ **Mixing Tip:** The beauty of this 2 ingredient playdough recipe is that the measurements are loose. If the mixture isn't firm enough, add a pinch of cornstarch. But if the mixture is too dry, add a glob of conditioner. Find your favorite consistency! Make it an experiment!
- ➔ **Note:** Inexpensive hair conditioner works perfectly. You can easily add food coloring as desired or leave plain. Some conditioners are naturally tinted.
- ➔ Keep in mind that conditioners vary in viscosity or thickness, so you may need to adjust the amount of cornstarch used.
